'What We Face'

By MALCOLM JOHNSON

"Guns And Butter, Too" Philosophy Being Followed By Government Planners

This is the first of five articles by Pulitzer Prize reporter Malcolm Johnson telling Americans, as plainly and accurately as can be done in the present uncertain world situation, what they face in the years ahead in the way of higher taxes, government price and wage controls, inflation and national mobilization.

For his facts in this "What We Face" series, Johnson talked with the only people in a position to know what the government really is thinking and planning for all of us—the key men in Washington who are handling the policy of allies being put into effect or being charted. These articles will help to cope with the bewildering array of rumor, report, charge and counter-charge that daily adds to the average American's confusion as he contemplates the future in a world bedeviled by "hot" and "cold" wars.

WASHINGTON, Nov. 20.—The government's present thinking is based on the attractive philosophy that it is possible for the American people to have "guns and butter too."

That is how Washington's top-level planners view the nation's mobilization program, calling for vast rearment within the next few years to meet the threat of all-out war.

They believe, they say, that it is possible, barring a sudden all-out shooting war, to achieve this program through a greatly expanded national economy, possibly as high as \$40 billions a year.

They hope it can be achieved with a minimum of discomfort, inconvenience and sacrifice in civilian life.

They believe that with high production, higher national income and some controls both defense and civilian needs can be met on a pay-as-you-go basis without seriously dislocating the economy.

Such thinking, of course, precludes a total mobilization, or anything approaching it—unless and until total war comes.

AT THE MOMENT "total mobilization" appears to be only two frightening words in the vocabulary of the nation's top leaders.

Their thinking is predicated on the hopeful theory that the enemy—world communism—will give us time to prepare to build a mighty defense economy to meet any eventuality.

If they are wrong, and total war comes suddenly, and without warning, their present plans will go out the window.

Then any price paid will be the price of survival. Then will come total mobilization and with it every able man and woman in America, regardless of age, will be expected, and required, to do his part in an all-out war effort. Anything short of that will not be enough.

Washington is not overlooking that possibility, but hopes it is remote and improbable.

And so in the meantime—it's guns and butter too.

NEVERTHELESS, it can safely be assumed that the next five to ten years may profoundly change the daily lives of millions of Americans. Some of those changes will not be pleasant.

The government's tremendous spending for defense is bound to have a terrific impact on our way of living, for good or ill. That impact is hardly being felt now, and probably will not begin to be felt until after January, 1951.

HOW WILL these changes affect you, the individual citizen?

As nearly as can be ascertained right now, these are some of the things you may reasonably expect within the next few years:

Without total war, and until world peace is assured, you can expect, at best, to live in an atmosphere of perpetual crisis, in a war of nerves and with the threat of an all-out shooting war always present. This atmosphere of tension, of impending doom, may continue indefinitely, for a generation or more, unless and until permanent peace is assured.

You can expect, as inevitable, to pay still higher taxes.

You can expect full employment, continued high prices and high wages.

Networks Bow To Avert TV Strike

NEW YORK, Nov. 20.—(AP)—Last-minute network concessions yesterday avoided what would have been the first coast-to-coast strike in the television industry.

The settlement came only 35 minutes before actors, singers, dancers and announcers of the AFL Television Authority were to march against three networks and New York Station WOR-TV, which originates one network program.

The fourth big network, the National Broadcasting Co., had escaped the strike threat earlier through continued negotiations and an agreement that paved the way for the industry-wide settlement.

The other networks are Columbia, American and Dumont.

The strike would have involved 25,000 TV entertainers, grouped in five unions and all represented in television by the authority.

Later yesterday, one of the five unions, the American Federation of Radio Artists, announced a separate settlement of a contract dispute with the four major radio networks—National, Columbia, American and Mutual. The terms provided pay increases of from 15 to 30 per cent. Scales were not announced.

Socialists In West Germany Win Election

Victory Seen As Snub To Rearmament Plan Of Allies

FRANKFURT, Germany, Nov. 20.—(AP)—West German socialists—fierce opponents of the creation of a new German army to bolster Western defense—won a thumping weekend election victory in the American occupation zone.

Voters in two states snubbed the powerful Christian Democrats, who dominate the federal West German government and have urged German rearmament.

The states of Hesse and Wurttemberg-Baden, which voted yesterday for new state parliaments, also decisively rejected Moscow's policies in Germany. With not a single Communist elected, the Reds suffered their worst drubbing since the war.

Protest Rearing

Socialist leaders immediately hailed the results as a victory for their stand against West German rearmament.

"The outcome represents a clear protest against the policies of Federal Chancellor Konrad Adenauer, especially on the question of remilitarization," said Socialist chairman Willy Knothe of Hesse.

Fritz Heine, general secretary of the Socialist party, claimed the elections show the German public has lost confidence in the federal government, especially because of its attitude on rearmament.

Heine said the Socialist victory "underscores our demand for new elections for the West German parliament." The Socialists demand the new ballot to give the people a chance to vote yes or no on the army question.

But political observers felt that the election results also partly reflected popular resentment against Adenauer for rising prices and the acute coal shortage.

To Name Prime Minister

In Hesse the Socialists grabbed a clear majority—47 of 80 seats—in parliament. They now will name the state's prime minister and cabinet which will run the state administration for the next four years. After the last election, with bare plurality, they had been forced to form a coalition government with the Christian Democrats.

In Wurttemberg-Baden, Adenauer's Christian Democrats lost their parliamentary edge to the Socialists. The latter took 35 of the 100 seats, the Christian Democrats got 31.

The vote in the two states was the lightest in any postwar election. Only 57.1 per cent of 2,565,071 eligible voters cast ballots in Wurttemberg-Baden, and 64.9 per cent of the 2,981,971 eligibles in Hesse. More than 70 per cent had voted in previous elections.

The Socialists in their campaign contended the Germans should hold back from any unified army until the Allies have massed enough troops along the iron curtain to hurl back any Soviet attack and until Germany has won full independence from Western controls.

You can expect some shortages in commodities, especially in consumer durables such as refrigerators and automobiles, resulting from necessary industrial "cut backs" as the government steps up its defense economy.

You can expect increasing difficulty in buying a home.

You can expect a reduction in public works, such as road building, somewhere along the line.

You can expect the government to avoid all-out controls and rationing until absolute necessity forces such measures.

BARRING A MAJOR WAR, you can be reasonably assured of plenty of food, with no serious shortages.

Without war, you can expect the entire defense program to be slanted by political considerations in an effort not to upset civilian life any more than is necessary.

In the event of all-out war, you can expect rigid government control of all manpower, the entire economy and virtually every phase of your existence.

The above are highlights of what may be in store if the government's program proceeds as is now planned. They are based, in summary, on long talks with top economists and other high officials in Washington.

To achieve that program and to provide what on economist describes as "guns and butter too" the government planners realize that, regardless of anything else, they must first win the battle against inflation.

The details of that battle, together with price and wage controls, and other perplexing problems ahead, will be treated in subsequent articles in this series.

Flood Kills 2 In California

Melting Snow Blamed; Many Are Homeless

FRESNO, Calif., Nov. 20.—(AP)

—Perhaps the worst flood in central California history took two lives, drove thousands from their homes and damaged millions of dollars worth of property, crops, highways and livestock.

Mountain streams, normally little more than rivulets, bloated into raging torrents under the impact of days of driving rain and melting snow from the Sierra.

Some communities were inundated. Others were

Communists Protest Peace Congress Talk

WARSAW, Nov. 20—(AP)—O. John Rogge, former assistant U.S. attorney general, provoked a storm of protest in the Communist-backed Second World Peace Congress yesterday when he criticized Communist policies and denied that America had aggressive aims.

Pleading for the acceptance of some western ideas, Rogge told clamorous delegates that Communists in many places have committed acts of aggression while talking loudly of peace.

Cries of protest also swept the hall when Rogge praised Yugoslavia for remaining independent of the Russian-led group of Cominform nations.

The Community Fund

SALEM people did their part again to put the Community Chest Drive over the top. Salem's enviable record of never having failed in a Community Chest campaign stood as a challenge to the team captains and their co-workers as they opened this year's drive. The success of the 1950 campaign, with the \$41,080 goal surpassed, will serve as a challenge for next year.

Salem citizens have enough civic pride to want to help others through the Community Chest. That's why next year's fund campaign also is bound to be a success. To all of you who helped this time, the officers and directors of the Salem Community Fund Association say, "Thank You."

How Firm A Foundation?

SPECULATORS who make a living by guessing how much the U.S. dollar will be worth in foreign exchange are guessing its value will increase.

Their immediate reaction after the election returns were reported was to start buying dollars for the rising market. This was based on belief that the era of giveaway government in Washington was drawing to a close.

That would mean greater prudence in domestic spending, greater prudence in foreign spending and an all-around attitude of treating the money foundation of the United States with more respect.

It would mean more consideration for the savers of dollars and less attention to the spenders of dollars. It would mean realistic recognition of the fundamental fact that the value of dollars is the foundation of resistance to the Communist conspiracy.

There can be no doubt and never has been any doubt that inflation would be as damaging to the United States in the long run as anything that could happen. And there can be no doubt that inflation has been used for political reasons.

A case in point is the current argument about excess profits taxes. The kind of a tax proposed by the Truman administration is being backed by labor unions because one of its effects is to lessen resistance to wage inflation. That is a political reason. It is an effort to use taxation for a purpose other than production of income.

If the 82nd Congress, confronted with the necessity of diverting vast amounts of wealth into preparations for war, can halt the progressive cheapening of dollars by giveaway policies in Washington, it will have struck a mighty blow for freedom.

You're In The Army

IT HAPPENED again last week. Another contingent of young men from Columbiana county departed for the army—drafted after passing their pre-induction physicals.

Where were the boys from, you ask? Only the Selective Service board headquarters at Lisbon knows. They refuse to give the home towns of the inductees, releasing only a list of names for publication.

Something's gone amiss in our democratic way of life when a draft board acts in such a manner as to cast suspicion on its operations. Originally, the state Selective Service headquarters ruled that names of inductees could be released for publication, but not their home town addresses. Why? No one has come up with the answer.

Meanwhile, the Columbiana county draft board meets its quotas. The youths who are called up to fight for the freedom they cherish aren't permitted, publicly, to let their fellow townsmen know they've gone.

This is serious business today, this fight for freedom and world peace. So, let's treat our boys as human beings as we did in World War II, with love and God-speed.

Period And Paragraph

IN HIS PRESS conference last Thursday, President Truman told correspondents to quit speculating about the possible retirement of Secretary of State Acheson from the cabinet. Mr. Acheson, he said, is going to continue as secretary of state—period.

On Aug. 31, Mr. Truman told correspondents to quit speculating about the possible retirement of Secretary of Defense Johnson from the cabinet. Mr. Johnson—and also Mr. Acheson—he said at that time were going to continue to be members of the cabinet. Period.

Two weeks later Mr. Truman had asked for and obtained the resignation of Mr. Johnson. Needless to say, there will continue to be speculation about the possible retirement of Secretary Acheson from Mr. Truman's cabinet.

For Big Business

Former New Dealers Are Spokesmen

WASHINGTON

THIS I had to see. The telegraphed invitation said that Beardsley Rum, Wilson W. Wyatt, Leon Henderson and others would be in the Potomac Room of the Statler Hotel between 4 and 6 p.m. It said also they'd be happy to discuss any questions on the proposed excess profits tax.

The names were familiar, but the faces hadn't been seen in a long, long time. Who were they? Beardsley Rum is the big, genial, New York businessman with his fingers in so many pies that it's impossible to keep track of them all. He is the man, you'll remember, who invented the Rum "pay as you go" plan to make income taxes less painful. That was the idea, anyway.

Mr. Rum has a reputation for being a progressive businessman with many liberal ideas which have caused the old reactionaries much concern.

Wilson Wyatt and Leon Henderson: remember them? Mr. Henderson was the first wartime OPA administrator. Before that he had been with the NRA Blue Eagle outfit of depression days. He was an original New Dealer. He was the particular private number one devil of big and little business all through the war—that is up to the time things got so bad with Congress that President Roosevelt had to let him go.

Wilson Wyatt was the Emergency Housing Expediter at the end of the war. Before that he had been the boy wonder mayor of Louisville and a considerable whiz. But do you remember how the real estate lobby and the home builders' lobby and all the landlords and most congressmen hated him?

IN FACT, the principal charge leveled against Henderson and Wyatt was that they wanted to regiment and socialize the country. They wanted to kill private enterprise, etc., etc.

So where were they now? They were up in a private dining room at the Statler dishing it out that an excess profits tax on business such as proposed by President Truman was unfair and discriminatory, that it would feed inflation, that it would stifle growth of business and be bad for the free enterprise system.

Preparing Child For Adolescence

GROWING up is not easy and the average adolescent between about 12 and 19 years old is faced with some physical and psychological problems peculiar to that age. A few of these problems are discussed this week.

The beginning of adolescence in girls is often dated from the first appearance of a new physiological function.

During adolescence many girls are nervous and behave peculiarly—at least at times. They often cry easily, become unreasonable in their actions, and fly off the handle at members of their family for no apparent reason.

The youngsters themselves ought to be made to realize this and to control themselves as much as possible. It is not fair to others to behave unreasonably no matter what the excuse.

Parents, however, should also understand that these things do happen and they should not worry about the seeming personality change which often develops. When unreasonable behavior on the part of adolescent girls does break out, the parents should ignore the outburst altogether, take it calmly and yet continue to be firm about those things which really matter.

Adolescence in girls is a difficult stage for family as well as for the girls themselves. Fortunately for all concerned it does not last forever.

Your Stake In Inflation

By GEORGE S. BENSON

FOR GENERATIONS life insurance has been a mainstay of economic protection for the American family. It still is one of the most important security props in most American homes.

Today three out of every four families own life insurance through the investment of their savings with private insurance companies. In comparatively recent years the pension idea mushroomed and now approximately 50,000,000 workers are participants in the Federal government's Old Age and Survivors Insurance ("Social Security") program through which a fixed monthly pension is paid at retirement age.

Thus these two sources—private insurance and public "Social Security"—constitute primary bulwarks of economic security for the homes of America. But day by day, week by week, both are being sabotaged by inflation. Every day the inflation continues the holders of 170,000,000 insurance policies with a face value of \$214,000,000 are being

robbed, their future made less secure. Every day it continues, these people are seeing this promised "security" evaporate with the declining value of the dollar.

WHAT INFLATION has done to such savings is strikingly illustrated by the plight of my friend Joe. He's a salaried man.

For 20 years he denied his

many wished-for things in

order to pay for a 6-unit apart-

ment building which "he felt

would provide ample "security."

In 1939 he made the last payment.

Then he got an offer of \$14,800

for the property. To Joe, that

much cash seemed a small fortu-

ne. He sold and put the money

in a savings account to await the

day when he would buy another

investment property. The money's

still in the bank. Today it would

scarcely pay the down payment on

the apartment building Joe

sold 11 years ago—priced not,

in inflation-hit dollars, at \$45,000.

Joe's salary is another illus-

tration of the damages of inflation.

He's had four substantial raises

since 1940 but his present salary

actually has only five per cent

more purchasing power, in food

and clothing, than his much lower

salary had in 1940. The industrial

wage earner has probably had

twice as many raises; his income

has increased about 150 per cent

since 1940. But inflation has hit

wages so heavily, the Bureau of

Labor Statistics reports that in ac-

tual purchasing power the weekly

income of the average indus-

trial worker has increased by only

\$9.22 since 1940. That's about

enough to buy an average price

pair of shoes—with our cheap

1950 dollars.

Traffic Moves On Extension Of Turnpike

CARLISLE, Pa., Nov. 20—(AP)—Pennsylvania's newest transportation achievement—the 100-mile eastern turnpike extension—opened for business today.

Formal opening of the \$87,000,000 extension marked completion of the second link in a state border-to-border expansion of the famed superhighway.

The third link, a 67-mile western extension to the Ohio line, is now under construction and tag along for completion in about a year.

The eastern extension was started in 1948 and required 25 months to complete.

Extra heavy patrols of state police cruised along the new eastern toll road in advance of the 7 a. m. opening to keep a close check on the expected flood of traffic.

The new four-lane toll road addition extends from the previous eastern turnpike terminus here to King of Prussia, about 15 miles from Philadelphia's city line. The 100-mile extension increased the length of the turnpike to 260 miles of uninterrupted travel.

Meeting Postponed

Leetonia Union Thanksgiving Service To Be Held

LEETONIA, Nov. 20.—The Union Thanksgiving service of the Presbyterian, Lutheran and Methodist churches will be held Wednesday evening at 7:30 in the Methodist church.

Rev. John A. King, pastor of the Presbyterian church, will deliver the Thanksgiving message. Rev. T. P. Laugher of St. Paul's Lutheran church will offer the prayer and read the proclamation. Rev. R. D. Cunningham of the Methodist church will read the Scripture and will be in charge of the service.

AMERICAN DREAM—Little Chuck Bentley, 8, of Denver, Colo., got The Big One when fraternity men at the University of Denver treated 1000 orphans to a football game and refreshments. The school's interfraternity council supplied 2000 hot dogs, most of them smaller than Chuck's, 3000 bottles of pop and impressive amounts of candied apples, popcorn and candy for the children.

Leetonia Briefs:
Members of the immediate family of George Hall were en-

tertained at the home of Mr. and Mrs. Waldo Hall Saturday evening, celebrating the birthday of Mr. Hall. Mr. and Mrs. Anthony Martin and children John and Mary Jane of Youngstown were out-of-town guests.

To observe the birthday anniversary of Chief of Police Henry Gibson, who is a patient at the Salem City Hospital, the nurses and employees of the hospital prepared a birthday cake and presented it to Mr. Gibson on a "Happy Birthday Plate."

Mrs. Robert Huffnagle and infant son, Sidney Dennis, were brought to their home Sunday from the Salem City Hospital.

Leetonia Chapter, No. 253, O. E. S. will hold its monthly meeting at the Masonic Temple Monday evening. Nomination of officers will be held.

Gettysburg Address Echoed Once Again

GETTYSBURG, Pa., Nov. 20—(AP)—"Four score and seven years ago..."

The immortal words of Abraham Lincoln's Gettysburg address were heard once more yesterday on the spot where they were first delivered 87 years ago.

Lincoln's remarks—originally delivered at a ceremony dedicating a cemetery for Union soldiers killed in the battle of Gettysburg—were read yesterday by Fred Pfeffer, a former Gettysburg burgess.

Dr. Henry W. A. Hanson, pres-

ident of Gettysburg college, told the 300 persons who braved the bitter cold to attend the ceremonies that if America can maintain the ideals expressed in Lincoln's Gettysburg address "The future is hers."

A falling barometer usually indicates a storm.

Social Affairs**Miss Jean Dilworth Weds Martin Juhn, Jr. On Sunday**

MISS JEAN DILWORTH and Martin Juhn, Jr. stood before an embankment of palms and white chrysanthemums when they were married at 2:30 p.m. Sunday in the home of the bride's parents, Mr. and Mrs. Ford N. Dilworth, E. State st.

Mr. Juhn is the son of Mr. and Mrs. Martin Juhn of Fair ave.

Rev. J. I. Krohn, a college classmate of the bride's parents, performed the double-ring ceremony in the presence of the immediate families and Miss Gloria Beveridge and Miss Martha Lemon of Mansfield, classmates of the bride. Mrs. Lois Herron, sister of the bride, played nuptial melodies during the ceremony.

Miss Dilworth and Mr. Juhn wore matching suits of navy gabardine. For accessories the bride chose navy velvet and a corsage of red and white carnations.

Mrs. Dilworth appeared in a black gabardine suit with black accessories. Mrs. Juhn's dress was wine color and she used black accessories. White roses formed the corsages they wore.

For the reception which followed, the bride's table was set with crystal. It was graced by a centerpiece of white mums and white tapers.

The bride graduated from Bowling Green university. Mr. Juhn received his degree from Kent State university where he was a

Mrs. Martin Juhn, Jr.

member of Tau Kappa fraternity. He is now employed by the Deming Company.

After a two-week honeymoon in Florida Mr. and Mrs. Juhn will reside at 312 S. Lincoln ave.

Students, Parents Guests Of Grange

Students of Goshen Center school and their parents were guests of Goshen grange at a meeting Friday evening in the hall, northwest of Salem.

The children put on a delightful program of entertainment. The fifth and sixth grades portrayed events in the life of Hiawatha in pictures and music. A rhythm band played selections.

Seven students—Mary Jane May, Walter Greenamyer, Patty Lou Capel, Edith Starbuck, Peggy Conkle, Kay Allen and Patty Rhodes—contributed recitations.

Wayne Wilson is director of music for the school. The teachers are Mrs. Edward Miller, Mrs. Kloetzly and Miss Hilda Rose. Eight applications for membership were received. Mrs. Homer Miskimins was re-elected juvenile matron.

A meeting of Mahoning county Pomona grange will be held Nov. 24 at Greenford. The fifth degree will be exemplified at Smith grange Nov. 29. Mrs. William Siegenthaler headed the lunch committee.

Xi Pi Chapter To Give Basket To Needy Family

Members of Xi Pi chapter of Beta Sigma Phi sorority brought items for a Thanksgiving food basket for a needy family to their meeting Thursday evening at the home of Mrs. Marie Fawcett on the Washingtonville rd.

Sixteen guests were entertained in the Fawcett home and plans were made for the Christmas party Dec. 14 at the home of Mrs. John Holzwarth on Cleveland st. The party was originally scheduled for Dec. 21. Mrs. Ned Massa is hostess for the next regular meeting Dec. 7 in her home on E. 10th st.

Complimented At Dinner

Miss Estelle Mayerhofer was complimented with a dinner party given by a group of her relatives Sunday evening at the home of Mr. and Mrs. John Mulford and Miss Helen Deming, S. Lincoln ave. The affair celebrated Miss Mayerhofer's birthday and she was presented gifts. The hours were enjoyed informally.

With The Patients

Mrs. Harold Keefer of E. Fifth st is confined to her home suffering from burns sustained in an accident two weeks ago at the Garden Grill restaurant where she is employed. Mrs. Keefer spilled some grease on her feet. Her condition today is reported to be slightly improved.

Rev. Carl Asmus of East Palestine, former pastor of the Methodist church here, underwent an operation this morning at Salem City hospital.

Mrs. Fannie Little Has 92nd Birthday

Saturday marked the 92nd birthday anniversary of Mrs. Fannie Little of E. Second st. Although there was no special celebration due to the fact that Mrs. Little is in failing health, she received gifts and greeting cards.

At this meeting plans will be made to take part in District 1 class initiation. The date and place for this event will be announced.

Beta Psi Sorority Presents Program

REV. Louis Raymond, pastor of the North Jackson Federated church, Mrs. Sherman Myers and Mrs. Harold Butler had part in the program presented at the Thursday evening meeting of Beta Psi chapter of Beta Sigma Phi sorority.

Mrs. Leonard Bonsall was hostess in her home on N. Ellsworth ave assisted by Mrs. Russell Hackett and Mrs. Fred Limestahl.

"The Awareness of Blessing" was the topic discussed by Mr. Raymond. He deplored the fact that we waste ourselves mentally, socially and spiritually because we do not learn to use what God has given us.

"Personality" was the theme of talks by Mrs. Myers and Mrs. Butler. Mrs. Robert Lieder presided.

Mrs. Robert Rubble of Winona was a visitor. She is a sorority member who recently moved here from Hastings, Neb. Names were drawn in the Christmas exchange, tax stamps were counted and arrangements made for a Thanksgiving basket for a needy family.

The date of the Christmas meeting has been changed to Friday, Dec. 1, at the home of Mrs. Charles Trotter on the Benton rd.

Personal Notes

Miss Barbara Wilson, daughter of Mr. and Mrs. James H. Wilson of 716 S. Lincoln ave, will spend Thanksgiving vacation from Flora Stone Mather college, Western Reserve university, at home.

Mrs. Mary H. Johnson of Benton rd is home from Akron where she visited her mother, Mrs. Alice Crowell, Miss Julie Beardley and Mrs. Ira Keslar. They attended the Hildegarde concert at the Armory there.

Miss Margaret Olive Johnstone, daughter of Mrs. Mary H. Johnstone of Benton rd, student of the University of California at Los Angeles, attended a recent football game between UCLA and the University of California at Berkeley. She and a classmate made the trip by plane.

**Homes Rise In
Salem Outskirts****Northeast, Southwest
Areas Being Favored**

A SIZEABLE number of Salem residents have selected the outskirts of town for the location of their new homes. Two areas are being especially favored this year—the northeast, including E. 11th st and Sunset View, and the southwest on the Highland Park addition.

E. 11th st is now being graded prior to laying slag and blacktopping.

Three hundred-foot sections of Highland ave and S. Union ave which connect E. 11th st and E. 10th st will be paved at this time. Approximately 1,800 feet of E. 11th st will be blacktopped.

Three houses are past the midway stage in construction on E. 11th st. Fred Rufer is building these and will soon start work on two more while Bricker and Bricker are building another.

Rufer's houses are built on the same general plan with different roof designs. They have five rooms and a bath in a 1½-story plan. Provisions for later expansion to the second floor are included.

The houses have full basements and gas heat. They are 30 by 26 feet in size. The first three will be completed early next year and the others are to be finished in April. The homes are valued at approximately \$11,500.

ON SUNSET five new houses are under construction. Dwight Getz utilized a pre-frame unit which includes the shell of the house, floor, interior walls, windows and roof frames. These sections were created in two days last week. Siding and plastering, the roof and utilities will be installed in the conventional way.

Earl Orashan is the general contractor. A frame house, it will have two bedrooms on the first and second floors, kitchen-dinette, bath and living room. It will have a brick and stone front and a garage attached to the house by a breezeway.

Other homes on Sunset View are being built for Gerald Foster, Walter Everett, Hubert Sponseller and Glenn Warner.

Foster's home will have five rooms and a bath in a 1½-story plan. Frame construction will be used. In the basement a gas-fired forced air unit will heat the home. The unique fireplace is one of the features of the new house.

John Hoey of Lisbon is the contractor for the Foster home.

The Everett dwelling will have six rooms and a bath on one floor, with room for expansion on the second floor. Mr. Everett is letting all contracts himself.

The home will be heated by a gas-fired hot-water unit with radiant heat through baseboards. It is 35 by 40 feet in size at the base.

Glenn Warner's new home is at the basement construction stage. It will have five rooms and bath on the first floor. Additional rooms may be finished on the second story in the future. He is his own contractor.

It will be a frame dwelling 36 by 26 feet in size. The A.D.M. Company did the original excavation for the cellar.

The tongue and groove paneling on the upper part of the sides of Hubert Sponseller's new home is one of this dwelling's features. Textile brick was used for the wall construction.

The house includes four rooms, a bath and utility room with an attached garage. An oil heating unit has been installed in the utility room. The upper story will not be finished at this time.

The Sponseller Construction Co. is building the home.

RUSSELL JONES is developing the Highland Park addition where plots have been laid out for 50 homes. W. Perry st was opened this year to the Georgetown rd and a small lake in the addition was used for boating and swimming this summer.

Three homes have been completed and four more are under construction. All but one of these homes are on Liberty st while the other is on Overlook. The houses, pre-fabricated by National Homes Inc., are basically four or five rooms, plus a bath. They are mounted on concrete slabs. Additional features and changes are made to individual orders. They are valued at between \$7,000 and \$8,000. Marine plywood is used for the frame exteriors.

Mullins kitchens and automatic gas heating units have been installed in all of these dwellings. City water, gas and sewer lines service this area.

Chester Gow arranged for the construction of a dwelling, now occupied, which was built on Ellsworth extension. The Michael DeCrows purchased this home. A similar house, which is half-finished, is being erected for Sam Dumbleton on an adjacent lot.

The P. & E. Construction Co. is building these homes and another on the Albany rd for Glenn Stratton which is now under roof. The ranch-type design is followed for this house.

**4 Building Permits
Issued Last Week**

Four building permits were issued last week at Mayor Harry M. Vincent's office.

A permit for a \$7,000 ranch-type house at 1850 Oak st was obtained by Ramona Sidinger. It will have five rooms, a bath and garage, and concrete block will be used for the basic structure.

John Blonder secured a permit to enlarge and remodel the kitchen in the dwelling at 933 Morris st. This project will cost an estimated \$200.

Clifford Tood will reside and repair the house at 214 S. Lincoln ave. There will be some interior remodeling in connection with the \$3,000 project, according to a building permit obtained last week.

A special kind of fluorescent lighting will be installed in a cove at the entrance of the Home Savings and Loan office and other offices in that building on E. State st.

Designed to function in below freezing temperatures, the lights will be turned on until midnight each night. A portion of the entrance also is being painted at this time.

The large clock overhanging the entranceway has been repaired and rejuvenated and other wiring in this portion of the building replaced.

Workmen from the bank's home office in Youngstown are in charge of the project.

**Search For Escaped
Federal Prisoners**

XENIA, O., Nov. 20.—(AP)—Police searched this area today for one of two federal prisoners who staged a break for freedom last night while in custody of a U. S. marshal.

Still at large was Glenn Edward Manning, 17, formerly of Elyria. Ross Lee Blackwell, 19, of Texas, the second prisoner, was recaptured on a local street an hour after the break.

Police said the pair jumped from a deputy U. S. marshal's automobile as it waited for a train to pass a crossing here. The two, and a third prisoner who did not try to escape, were being taken to the federal reformatory at Chillicothe from Springfield, Ill., to serve time for auto theft. William Mellen, 38, was the third prisoner.

WILL ADDRESS ROTARY
A talk on the progress of Salem's water program will be given by department superintendent, B. V. Bevier, at the Rotary club meeting Tuesday noon at the Memorial building. Floyd McKee, program chairman, will introduce the speaker.

Brown Calls Motley Best Pro Ball Carrier

Fullback Paces Browns To Win Over Redskins

CLEVELAND, Nov. 20—(AP)—Big Marion Motley, Cleveland Browns' 240-pound fullback, is the best ball carrier in the pro football business.

So said Paul E. Brown, coach of the four-time All-America Conference champions and current leaders of the American division of the National loop.

Big Marion blasted the Washington Redskins line for 178 yards in 27 tries yesterday, boosting his edge as the league's No. 1 ground coverer, as the Browns racked up a 20-14 victory in a rock 'em sock 'em fray. Motley has gained 746 yards in 124 carries, and average of about six yards per try.

"It's a tough league," Brown sighed. "Can you imagine the last place club handling us the way it did? The Redskins are loaded with talent, but I don't see how they've lost eight games. I'm glad we don't have to play 'em too often."

I DON'T know what we'd have done if Motley hadn't been in there chugging like a locomotive. He's just the best in the business, that's all."

George Marshall, Washington owner, had to change his opinion of the Browns after the game. Before the season started he asserted the Clevelanders would be lucky to win a game in the league they had just joined.

Now he says:

"I must have meant they'd be lucky to win the title."

The Browns were forced to come from behind in the last four minutes with an 80-yard touchdown march to pull the game out of the fire. A chilled crowd of 21,908, smallest of the season here, was stunned as the Redskins, on the running of Charley Justice and the passing of Harry Gilmer, grabbed a 14-13 lead just as the third period closed.

Early in the fourth period the Redskins' Bill Dudley missed a field goal from the 22, and the Browns went into action.

MOTLEY BULLED for a pair of first downs in two tries. Otto Graham hit Mac Speedie with a 16-yard pass, and Dante Lavelli with a nine-yarder as the Browns ate up 80 yards in 12 plays, with Dopey Phelps going around for eight yards and the winning marker.

After that Eddie Saenz of Washington ran the kickoff back 71 yards, and the Redskins moved up to the Browns' 17 where four passes were knocked down to save the game for the Clevelanders.

Big Lou Groza booted a pair of field goals for the Browns, and Graham passed two yards to Lavelli for the other touchdown. Hall Hayes of Washington, with the Browns leading 10-0, snagged one of Graham's passes and haul-

Meet Bears Sunday In Crucial Contest

NEW YORK, Nov. 20—(AP)—The Los Angeles Rams will send the greatest point-making machine in pro football history against the Chicago Bears next Sunday in an effort virtually to clinch their second straight western division title.

Never in the long and storied past of the tradition-rich National League has there been a team that has scored so often—or with such devastating suddenness. This Los Angeles crew, which plays like it's running down hill, can—and does—score from any part of the field, at any time.

You can ask the New York Yanks about that. Bob Waterfield and Norman Van Brocklin threw red-hot footballs through over and around them yesterday, and the result was a sensational 43 to 35 victory for the rollicking Rams.

Forest Evashevski of Michigan blocking fame is in his first season as head football coach at Washington State.

Michigan State and Michigan have met 42 times on the gridiron, with Michigan winning 33 times and State six. Three games were tied.

Baltimore Colts, 55-20. After trailing by 13 points at halftime, the New Yorkers crashed over seven touchdowns.

The Eagles weren't as fortunate. They were upset 14-10, by the Chicago Cardinals when Don Paul raced 82 yards with a third-period punt.

In the only other games, the in-and-out Detroit Lions shaded the down-and-out Green Bay Packers, 24-21, as Doak Walker scored

Umpire McKinley To Speak Here

American League Umpire Bill McKinley will be guest speaker Tuesday evening in the Memorial building when members of the Salem Merchants and some of the Junior Legion baseball players are honored at a banquet.

McKinley has been a major league umpire for number of years. He makes his home in Kinsman, Ohio.

Following his talk, movies of the 1950 World Series will be shown.

The banquet will begin at 6:30. The program has been arranged by Walter Mellinger.

DAILY DOZEN By Bob Dixon

• That "kolossal klash" between Canton McKinley and Massillon Saturday didn't seem to pack its usual punch this year. This was perhaps due to the tremendous ability of the Tiger team, which won going away.

• McKinley was never in the ball game, except for a short space of the third quarter. But after their coach's halftime words dimmed in their memories, the Bulldogs meekly bowed to Chuck Mather's legions.

• Massillon's defensive crew was great. McKinley had the ball 14 times, was forced to punt seven times and had passes intercepted twice. On five other occasions, the Tigers recovered McKinley fumbles, many the result of savage tackling.

• On the other hand, the Tigers scored five of the 15 times they had the oval, including three straight in the fourth quarter. They punted only four times, lost it twice on fumbles and once by an interception. Three times they failed to gain enough yards and gave up the ball in McKinley territory.

• It was the worst defeat ever handed McKinley by a Massillon team. The 33-0 count exceeded the previous high of 32-0 by a 1941 Tiger eleven. Mather, who was hoisted to his players' shoulders at the end of the tilt, clinched the first completely unblemished season in his coaching when the 'Skins ran back the honors by downing Northwestern 522.

• Things looked dark, indeed,

career.

• He had gone undefeated before, but always had a tie or two to mar the record. The guy has now won 28 of 30 in three campaigns at Massillon and can probably write his own ticket.

• ODDS AND ENDS — H. K. Schwartz, coach of the redoubtable "S. S. O. C. Pink Wave", is busy this week preparing for the invasion of Life Magazine Sunday. Life will cover the annual Commodore Classic bowl game between Schwartz and Don Beattie's "Blue U." at the Golf Club next Sunday.

• Plans include a parade at 1:15 p.m. E. State st which will feature two bands, floats and other items of interest. All this may seem foolish to you and, believe us, it really is. That's why Life is coming.

• Ohio State's loss to Illinois Saturday didn't surprise too many people. The Bucks had more breaks go their way in the Iowa, Minnesota and Northwestern games than many teams get in an entire season. That sort of luck had to peter out sometime.

• The Browns-Redskins game Sunday was a thing that any Cleveland fan with a heart ailment should have stayed away from. One of the most exciting tilts the Browns have ever played.

and Ohio State would win the Big Ten crown by upsetting Michigan. But can they do it?

—

AFTER upsetting Ohio State 14-7 on a pair of trick pass plays Saturday, Illinois must now face its most bitter rival, Northwestern, who has defeated the Illini in their last three meetings. The overall record in the series which started in 1892 and has been rife with upsets, is 20 wins for each team and three ties.

The Ohio State-Michigan rivalry has been almost as keen. They played to a 7-7 stalemate a year ago and ended as Big Ten co-champions with Ohio State going on to take a Rose Bowl triumph over California.

Michigan has 18 victories, 12 losses and two ties in the series with the Buckeyes.

Playing hob with the figures are the facts that some of the teams have seven league games and others six, and ties count $\frac{1}{2}$ a win.

COLUMBIANA, Nov. 20 — The marriage of Miss Freda Brandau of Lisbon and Philip J. Horton of Columbian was solemnized in the little chapel of the Methodist church in Lisbon, at 2 p.m. Sunday, before members of the immediate families. The bride is a daughter of Mr. and Mrs. W. C. Brandau of Lisbon and the groom is a son of Mr. and Mrs. Philip Horton of Columbian.

Paul Mollenkopf of Columbian served Mr. Horton as best man, and Miss Janet Cope of Lisbon was bridesmaid. The bride wore a winter-white, street-length dress with matching accessories and had a corsage of red rose buds. Miss Cope wore light blue wool jersey with black accessories. Her corsage was of pink carnations. Mrs. Brandau, the bride's mother, wore a gray suit with black accessories and a corsage of white carnations. Mrs. Horton was in a powder blue suit, with black accessories and white carnation corsage.

On returning from their wedding trip, the newlyweds will live in Columbian. Mrs. Horton is a graduate of Lisbon High school and attended Mt. Union College. Mr. Horton, who is associated with his father in the well drilling and pump business, is a graduate of Columbian High school, and served three years in the Navy.

FLOYD SIDWELL, who lives south of town on the Middletown road, is the representative in this vicinity of the American Friends' Service Committee, which aims to relieve the wants of dispossessed persons in war devastated lands overseas.

With the change of seasons, many garments are discarded that would be valuable to someone in need. Low-heeled serviceable shoes, especially men's shoes, bedding, table covers and curtains, are always needed for rehabilitation. Anyone having any such articles to spare is asked to call Mr. Sidwell, phone 4749, and he will arrange for them to be sent to headquarters in Philadelphia.

KIWANIS TO HEAR TALK
Lt. Hubert Knickerbocker, in charge of the Salem Salvation Army, will present a Thanksgiving talk at the Kiwanis club meeting Wednesday noon at the Memorial building. William Kaminsky and Lozier Caplan arranged the holiday program.

The Carlsbad Caverns in New Mexico are estimated to be 200,000 years old and have not yet been completely explored. The deepest passage uncovered at present is 1150 feet under ground.

Two Girls Injured

In Traffic Crash

Two Salem girls were injured in one of four traffic accidents investigated by city police over the weekend.

Lucy Huston, 20, of 823 Franklin st suffered a possible fracture of the nose and Betty Bartholow, 15, of R. D. 1, Goshen rd, Salem, sustained abrasions of the left knee and elbow at 9:30 p.m. Sunday in an accident at the intersection of S. Union and Maple st.

The girls were passengers in an auto driven by George R. Huston of R. D. 2, Salem. They were treated at City Hospital and released. The driver and another passenger, Harvey Warner, 20, of Kent were uninjured.

Police said Huston's car, headed west on Maple st, failed to make a stop at the intersection and hit into the car driven south on S. Union ave by Robert A. Conkle, 27, of 944 Prospect st. The left front of Conkle's car and the right side of Huston's auto were damaged considerably.

HUNTERS WARNED

Sheriff Howard Clark today issued a warning to hunters to refrain from hunting in the vicinity of rural schools after he had received several complaints of such action.
